

EFT Teleclass Waiver

I understand that EFT is an experimental therapy and is not meant to replace standard medical and/or mental health counselling. While there have been no documented negative side effects from using EFT when the proper treatment protocols have been followed, this is NOT a guarantee that I will not experience side effects.

By signing up for these teleclasses, and by using these techniques on myself or others, I agree to take full responsibility for my own well-being.

I have read the above and hereby waive and release any claim against Annabel Fisher, the teleclass leader, or The EFT Healing Centre Ltd, or Gary Craig, the founder of EFT, or any guest on the call, for any injury, damage or loss of any kind whatsoever arising from my use of EFT.

I agree to keep the teleclass conference dial-in number confidential.

I agree not to record the call.

I understand The EFT Healing Centre Ltd will record these teleclasses. By participating in these teleclasses, I agree and give permission to The EFT Healing Centre Ltd, and its directors, officers and contractors, to record the teleclasses and use the recordings in any manner whatsoever. I also understand that selected recordings or portions of recordings that I have participated in may be made available for commercial distribution.

EFT Teleclass Etiquette

- 1) Please call from a landline phone.
- 2) Please do not use cell phones as they tend to echo. Speakerphones are not recommended as they pick up background noise.
- 3) Please can you ensure there is no background noise when you are on the call (people talking, TV, dogs barking, etc).
- 4) Please disable your call-waiting feature on your phone.
- 5) Please do not put the call on hold.
- 6) Please call in a few minutes early since I would like to start promptly.

- 7) I will hear you come on to the call and say “hi” so you can introduce yourself then.

Thank you for observing these guidelines so everyone can participate and learn as much as possible from the teleclasses.
